Helicopter Underwater Escape Training (H.U.E.T)

"In a ditched helicopter you have less than a minute to escape. Specialised training courses can maximise your chance of survival"

The **'H.U.E.T'** course is invaluable due to the real-world helicopter rescue experience instructors hold – students will receive training that is **truly relevant in an emergency helicopter setting, provided by instructors who have over 30 years experience on rescue helicopter operations.**

COURSE AIM

The **'HUET'** course will provide participants with the skills, knowledge & attitude required to undertake helicopter escape in water within a range of situations & conditions

CONTENT

Based on proven emergency & survival practice and taught by instructors with real-world helicopter rescue experience, the course consists of *(detailed program available on request):*

- Overview of related air operations/hazards
- Risk assessment & management strategies
- Crew Resource Management (CRM) - Communications, leadership & decision-making
- Importance of Pre-flight briefings
- Emergency Breathing Systems (EBS) – optional
- Helicopter legislation, regulating authorities & emergency equipment
- 'Ditching' & 'escape' procedures
- Sea survival & rescue procedures
- Integrating with emergency services

PRE-REQUISITES

Fitness: To ensure optimum safety a fitness assessment (50m pool swim fully clothed + 5 minutes treading water) will occur during the course. In addition student should be free from any injury or illness that may prevent them from undertaking rigorous physical activity.

DELIVERY & DURATION

The **'H.U.E.T'** course is a highly 'hands-on' course, that can be tailored to suit the requirements of your organisation. A range of delivery modes is available for large or small groups.

TESTIMONIES

"Very realistic training. I now would not consider undertaking helicopter operations without it"

Paul, Helicopter Pilot

RECOGNITION & COSTS

Student will receive a nationally recognised Statement of Attainment listing the competency PMAOHS214B – Undertake helicopter safety and escape. Recognition of Prior Learning (RPL) is available as appropriate.

Price on application. A 20% deposit is required on application, with full payment required one (1) week prior to the course. Students will also receive a handbook & HUET wallet card.
