Specialist Consultancy & Accreditation

Jetski Rescue

"PWCs are an ideal rescue tool for lifeguards. They are an effective tool for work & emergencies – when used by trained operators. Specialised training is required to maximise safety & effectiveness"

'Jetski Rescue (PWC)' is tailored specifically for professionals who have access to PWCs for water emergencies. It is invaluable due to the real-world emergency & PWC experience our instructors hold – participants will gain practical training that is **truly relevant in an ocean environment, provided by**

instructors who have dealt with REAL water emergencies & have both PWC & teaching qualifications.

COURSE AIM

The 'Jetski Rescue (PWC)' course will provide participants with the skills & knowledge to use PWCs during water emergencies.

CONTENT

Based on proven emergency practice and taught by instructors with real-world rescue experience, the course consists of:

- Relevant legislation & requirements
- History of professional jetski (PWC) use
- PWC types & capabilities
- PWC safety considerations
- PWC checks & maintenance
- PWC riding skills
- PWC use in emergencies

PRE-REQUISITES

Current state boat & PWC driver's licence (or equivalent).

DELIVERY & DURATION

'Jetski Rescue (PWC)' is a highly 'hands-on' & practical course, tailored to critical water emergencies. Equivalent to 8 hours face-to-face (if no previous experience) & available for large or small groups. *Training can be done at your choice of location* (workplace, beach).

TESTIMONIES

"Great training – we learnt some excellent rescue techniques that make a real difference."

Greg, Professional Lifeguard

RECERTIFICATION

½ day every 12 months.

RECOGNITION & COSTS

Students receive a nationally recognised certificate listing the competencies; PUAEME001A – Provide emergency care, PUASAR009A – Participate in an aquatic rescue operation, PUASAR010A – Undertake a rescue operation in a small power craft.
